Specialist	Japanese	Performing Arts	Health	Japanese	P.E.
Critical and Creative thinking Task	Draw the moon every night for a week! What do you notice? What do you wonder? Could this lead into another inquiry that you would like to continue for the next few weeks? How could you showcase this learning?				

Each day, choose one task from the grid below and complete it.

Find a minimum of 5 alternative ways a paperclip can be used (not including clipping paper together!)	Learn a new card trick!	Find constellations in the night sky! Southern hemisphere cheat sheet	Create an experiment: make a hypothesis and test it out!	Create a Venn Diagram to compare and contrast Home Learning & Learning at school
Learn how to identify fake news! ABC Education: Game	Bake something for your family (make sure you ask for permission!)	Create an edible recipe using ingredients in your household	Write 5 questions beginning with 'I wonder...'. Find the answer.	Have a discussion with a family member about an ethical issue. Eg. 'Is it okay to bully a bully?'
Create a scavenger hunt for a family member	Create an exercise routine using household furniture or equipment for a family member	Play a board game with a family member	Create an artwork using things from around your garden	Do a STEM task! There are some available here: 11 Engaging STEM Activities for Kids that Will Foster Curiosity
Using the same type of paper, make three different types of paper aeroplanes! Test them to see how far they fly.	Build a fort using blankets or sheets! Take a photo and share it with the class.	Write, address, stamp and mail a real letter to a relative, friend or to the school!	Experiment with baking soda and vinegar! Pretend to make a volcano erupt.	Research and perform magic tricks to your family. Be prepared to show Miss Say & Mr Katch when you're back. We love magic tricks!
Use household materials to make and play an instrument. Can you make an orchestra?	Can you make a parachute (using household materials) for an egg? Drop your egg from a height and see if it breaks!	Follow a guided drawing video to draw something unusual!	Make a storyboard about a dream you've had. You might create something similar to this: Story Board	Draw the moon every night for a week! What can you notice?
