

DIGITAL CITIZENSHIP

Reidy Park Primary School is committed to enhancing teaching and learning through the safe use of information and communication technologies (ICTs). We require all families to read and sign our school's ***Digital Citizenship Agreement***.

The ***Digital Citizenship Agreement*** acknowledges that you and your child are aware of the obligations, responsibilities, and the nature of possible consequences associated with ICT breaches that undermine the safety of our school environment.

Reidy Park Primary School educates all students about digital citizenship with the aim to create and maintain a cyber-safe culture that is in keeping with our values, whilst maintaining legislative and professional obligations. This is in compliance with DECD policies and the *Keeping Safe; Child Protection Curriculum*.

The school network, Internet access facilities, computers and other ICT equipment/devices, bring great benefits to the teaching and learning programs at Reidy Park Primary School and are used for educational purposes appropriate to this environment.

Material sent and received using our school network is monitored. Filtering software is used to restrict access to certain sites and data, including e-mail.

While every reasonable effort is made by schools and DECD administrators to prevent children's exposure to inappropriate content when using the department's online services, it is not possible to completely eliminate the risk of such exposure. In particular, DECD cannot filter Internet content accessed by your child from home, from other locations away from school or on mobile devices owned by your child.

If you have any concerns about your child's safety in using the Internet and ICT equipment/devices please contact the school.
